

OH MY ZSH

离线安装zsh

- 下载zsh

rpm包下载页面

[zsh 5.1](#)

拷贝到主机

```
1 | sudo -ivh zsh-5.1-1.gf.el7.x86_64.rpm
```

安装过程中会询问是否切换shell为zsh

可以chsh -s /bin/bash将terminal改回bash

安装oh-my-zsh

- github/oh-my-zsh仓库

<https://github.com/ohmyzsh/ohmyzsh>

- 注释掉tools/install中的部分代码

```
1 | #if [ -d "$ZSH" ]; then
2 | #   cat <<-EOF
3 | #       ${YELLOW}You already have Oh My Zsh installed.${RESET}
4 | #       You'll need to remove '$ZSH' if you want to reinstall.
5 | #   EOF
6 | #   exit 1
7 | #fi
```

拷贝到主机

oh-my-zsh移动到 ~/.oh-my-zsh

```
1 | sh install.sh
```

~/.oh-my-zsh/themes中有100多款主题。

在 ~/.zshrc 设置，参照其中 `ZSH_THEME="robbyrussell"` 的格式修改主题。
